

Diversity, Equity and Inclusion Policy

At Unite, we believe that a diverse team strengthens innovation, encourages collaboration, and enhances our ability to serve a global community. Our Diversity, Equity and Inclusion Policy is designed to create a respectful, equitable, and inclusive environment for all.

Introduction

Unite is dedicated to fostering an environment of diversity, equity and inclusion (DEI) both within our organisation and with our business partners. We recognise the inherent value in embracing differences and ensuring that all individuals, regardless of background, feel valued, respected, and given equal opportunities for growth and advancement. Our commitment to DEI extends beyond our internal operations, as we strive to be a leader within our industry, promoting a culture of equity and fairness.

This policy is designed to ensure equality, fairness, and respect for all in our employment, whether for temporary, freelance, internship, part-time, or full-time positions. Additionally, this policy aims to prevent the unlawful discrimination against individuals with protected characteristics as stipulated in the Core Labour Standards of the International Labour Organisation – Discrimination (Employment and Occupation) Convention, 1958 (No. 111) and the principles laid out in the International Bill of Human Rights. It prohibits employment discrimination based on various factors, including:

- Age
- Disability (physical or mental)
- Gender reassignment
- Marriage and civil partnership
- Financial standing
- Pregnancy and maternity
- Race (including colour, nationality, and ethnic, national or social origin)
- Language
- Religion or belief
- Sex
- Sexual orientation
- Or any other basis that leads to discriminatory treatment

Unite aims to be an inclusive organisation committed to providing equal opportunities throughout all stages of employment – including recruitment, training, development and to proactively tackling and eliminating unlawful discrimination.

Whistleblowing

Unite has a whistleblowing system in place. This allows all employees to anonymously report confidential information about potential violations of rules. The primary goal is to give whistleblowers a protected space for communication and to protect them from reprisals. In the event of a report, we're interested in a comprehensive clarification and rapid elimination of the violations. If a form of discrimination is identified in our business operations, this would be reported immediately to the company management and appropriate measures to eliminate it would be initiated.

The whistleblower system can be accessed via <https://unite.eu/en-global/company/compliance>

Implementation and monitoring

Unite is committed to ensuring this Diversity, Equity and Inclusion Policy is understood, implemented, and maintained at all organisational levels. Management will annually review and re-appraise its effectiveness, considering feedback from stakeholders and contributors. We believe continuous monitoring and evaluation are essential for driving meaningful change and fostering a culture of inclusivity and equality within our organisation.
