

UNITE CONNECT

Get seamless system integration with Unite Connect

Want all the benefits of Unite while using your ERP or procurement system? From Punchout to data transfer, Unite Connect ensures a smooth, secure and compliant procurement process and lets you access all the platform features.

Managing system integration and multiple suppliers is increasingly complex

Maintaining seamless procurement operations while integrating with your procurement landscape and managing numerous suppliers is an increasing challenge. Effectively handling data transfers without risking compliance or disrupting workflows can be difficult.

Simplify procurement with punchout interface and access vetted suppliers

Unite Connect offers a simple and secure way to integrate your procurement system with Unite. Punch out and access hundreds of pre-integrated, vetted suppliers through one interface. Transmit order data efficiently for a streamlined, compliant purchasing process that reduces complexity across your organisation.

Benefits in brief to make procurement easier

Platform access

Direct access to Unite's features and integrated marketplace.

Seamless integration

Connect effortlessly with your ERP or procurement system.

One Interface, many suppliers

Access hundreds of vetted suppliers in one place.

Secure data transfer

Ensure safe and efficient data exchange.

Unified processes

Standardise procurement processes and safeguard compliance.

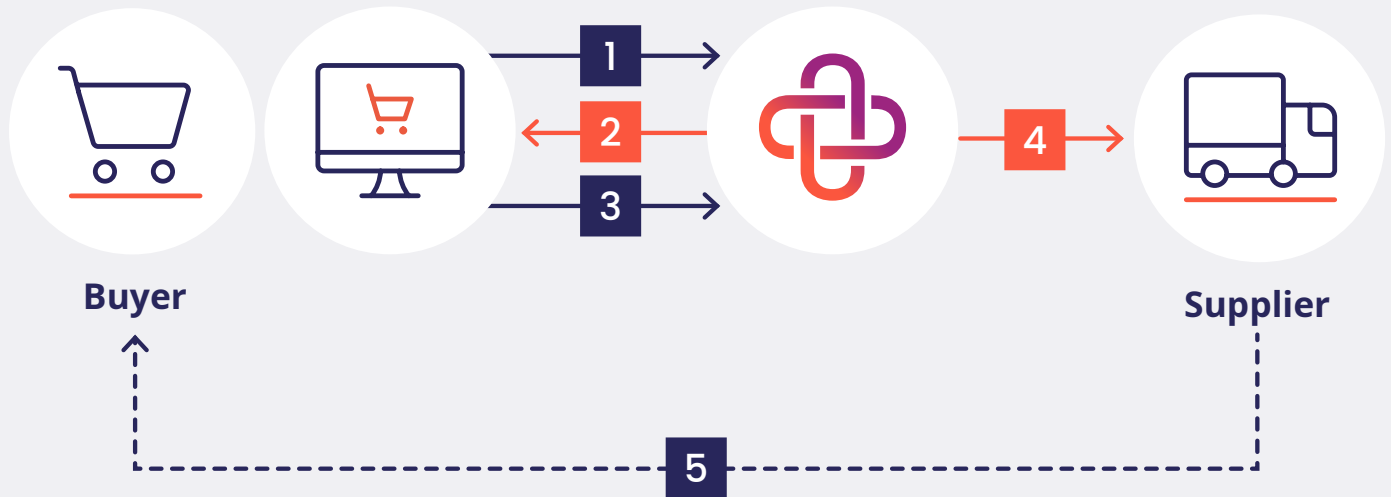

Ensure scalability

Adapt easily to your growing procurement needs.

How Unite Connect streamlines your order process

Add items to your shopping basket on Unite and transfer the data to your procurement system. Once internal approval is received, the order is transmitted back to Unite for processing.

Your order process, step by step:

1. Open your ERP or procurement system and find Unite listed as a supplier. Click the link to jump to Unite.
2. Select the items you want and add them to your shopping basket. Transfer your basket to your system for manual or automatic approval.
3. Once approved, the order is transmitted from your system to Unite.
4. Unite forwards the order to the supplier.
5. The supplier ships the goods directly to you.

Efficient and secure data transfers you can rely on

- › Use cXML or OCI for data exchange.
- › Unite transfers product groups in a chosen format, such as ECLASS or UNSPSC®.
- › Prices in your shopping basket are guaranteed for five days.
- › Order data is transmitted via interface or as a PDF.

Pair it up to power your procurement process

Unite Connect can be seamlessly combined with other features for an even more efficient experience.

- › **Unite View Management** – control assortment and spending per department.
- › **Exclusive Catalogues Hosting** – bring your framework agreements and have your suppliers in one place.
- › **E-invoicing** – receive digital invoices via an interface.

Get connected
